

# DUIN GIN

*Not just a Flemish Gin*

#### SAND, WIND AND SEA BERRY

Near the Belgian coast the dunes give a rich environment for particular botanicals, one of these is the Hippophae Rhamnoides or Sea Buckthorn berry.

This rich berry blends it into his favourite drink. On the nose it has the refreshing smell of sea berry mixed with the juniper berries.

The very typical sweet-sour taste of the berries is well balanced in the mouth and is supported by a complex mix of herbs and spices.
