Branding

Think of an awakening forest. Breathe it in.
The scent of Crazy Monday.
It is where the magic begins.
An army of elves throwing a party in your nose
and melting into a dance of folly in your mouth.
Lavishly sprinkling around citrus and herbs,
lightning bonfires within.
And then, whoosh, the dance of the butterflies.
Crazy Monday is liquid madness. This gin's got balls.
It's made in Belgium and totally bonkers.
In order to drink it, you need tonic and a twisted mind.
It tastes insane, but have no fear: insane is the new normal.
Let it take you to where the party's at.
It's Crazy Monday time.
